Growth is a process, the extent of which is determined by those elements supplied. A plant will grow in accordance with the quantity and balance of the various nutrients, water, and sunlight.

A boy may grow strong only when properly supplied with food, exercise, and other essentials. Likewise we grow in knowledge, understanding and wisdom only as we supply our minds with the necessary materials and practice obedience to true principles.

Growth toward perfection should be the aim of every student. May your time at CCNZ be dedicated to this end.

Wendell H. Wiser

VICE - PRINCIPAL

MORRIS B. ATHAY

We are drawing near to the close of a most successful year of work.

We have had the largest number of students this year in the history of the school.

We have become a well established post primary school and with this new responsibilities have been assumed by us.

Each one of you have the responsibilities to help establish an excellent scholastic record.

This will mean hard work on your part and a careful budgeting of your time, but I am certain that the student body will accept this challenge as they have all others in the past.

May we all work together to attain this goal and make our school the best in New Zealand.

Not to be outdone by their biggers and betters (?), the 3rd Form Academic Chorus group put on a short operetta called "Pearl the Fishermaid" this semester. They performed with credit, and thoroughly enjoyed themselves as well. Above, they pose for a formal picture, while on the right they pose after the show, somewhat tired and not a little bedraggled! For a first effort this was most encouraging. Let's have more of the 3rd formers getting together in the future.

Following in the tradition of *Swinging High*, our second big musical, *Get Up and Go*, under the able direction of Brother Peter Henderson was a great success. We took it to Auckland, Hastings, Wellington and Tokanui Hospital. Above are the full cast lined up, with Geoffrey Ashdown, Cynthia Peckham, Francella Ahmu, Sandra-Faye Sadd and Raymond Chase in the foreground.

Members of the orchestra for "Get Up and Go" pose with Brother Henderson for their photos before the show. Some of the boys had never seen their instruments before they started to work for this show. They put up an excellent show.

"Where are you going?" Francella Ahmu as "Esther" asks her friends as they try to sneak out of the dorm at night.

On tour! With everything but the proverbial kitchen sink!

"What do you mean, they wouldn't give you the potatoes?" Cynthia Peckham as Abigail McCauley remonstrates with Faye Sadd as Violet.

"You must have tolerance, Murph!" Sonny Anderson as Sam Hooker reasons with an indignant Mr Murphy (Joe Riwal).

FOOTBALL TEAM

"Whatever the game, and whatever the odds,
The winning is all up to you;
For it isn't the score, and it isn't the prize,
That counts when the playing is through!
And your greatest reward that your efforts can bring,
Is the fact that you stood to the test—
That you played a good game, and you fought a good fight,
And you always were doing your best!"
